There are several high-end DC landmark hotels, starting with rates in the \$400s: The Hay-Adams Hotel, The Mayflower, The Jefferson and The Willard.

\* Nightly rates are estimates and will vary depending on season and availability. Internet searches are the best way to find discounts and promotions. Non-refundable reservations are sometimes available at greatly discounted rates.

\* There are many additional accommodations in the area not listed here, should you seek other options. For a small fee, oncierge Marin Rose is available to help with your search based on your personal needs and preferences. Contact Marin at marinrose@gmail.com / 202-423-3581.

\* Accomodations in Tyson's Corner are plentiful but beware of the heavy traffic and lack of Metro access. Fair Oaks is another area for consideration local to GIVF.

\* Staying just outside of DC proper in Arlington, VA may save some money on nightly rates, while still maintaining access both to GIVF and to downtown Washington.
